## PROFESSIONAL SUMMARY

---

Results-driven Full Stack Developer skilled in Python, Node.js, Express.js, and MongoDB, building scalable RESTful web applications. Proficient in Data Structures, Algorithms, and analytical problem-solving, with 300+ LeetCode problems solved. Hands-on experience delivering real-world software solutions through hackathons in collaborative environments. Seeking a Software Development Internship to apply full-stack engineering and algorithmic skills in building production-grade systems

## EDUCATION

---

|                                                         |                  |
|---------------------------------------------------------|------------------|
| <b>Bachelor of Technology</b> (Artificial intelligence) | 2024 - 2028      |
| Newton School Of Technology, Rishihood University       | Grade: 6.85/10.0 |
| <b>Intermediate (Class XII)</b>                         | 2022 - 2023      |
| Montfort Academy                                        | Grade: 73.2%     |
| <b>Matriculation (Class X)</b>                          | 2020 - 2021      |
| Saint Joseph's School                                   | Grade: 85.6%     |

## PROJECTS

---

**QuickKart** ( [Github](#) ) ( [Demo](#) ) November 2025

- Developed a full-stack e-commerce platform using **Next.js**, **Express**, and **MongoDB** with responsive design.
- Built an intuitive UI with product filtering, dynamic cart system, and secure user authentication.
- Implemented **RESTful APIs** for product management, order processing, and role-based admin controls using **Prisma ORM**.

**Food Website** ( [Github](#) ) ( [Demo](#) ) February 2025

- Developed a **responsive food ordering website** using HTML, CSS, and JavaScript.
- Built an **intuitive UI** with smooth menu navigation and a **dynamic cart system**.
- Focused on a **user-friendly design** to enhance overall customer experience.

## SKILLS

---

**Computer Languages:** Java, JavaScript, CSS, HTML, Python

**Software Packages:** MongoDB, MySQL, Express JS, Excel, Node.js, React, Next.js, Prisma ORM, Figma, Pandas

**Others:** Git and Github

## EXTRA-CURRICULAR ACTIVITIES

---

- **Cricket Enthusiast** — **Former Professional Player(District)**
- **Winner of “Hack the Hunt”**, a coding-based treasure hunt. (**GitHub**, **terminal commands**, and **problem-solving strategies**.)
